Orgo-Life®, Model UL-3405, Transmitter module for 5G and EMF (electromagnetic fields), advance Orgone

OUR ORGO-LIFE 5G & EMF QUANTUM EQUALIZER TECHNOLOGY®:

It is the science of resonance, of stone which vibrates on a level and is encoded in a particular way in order to emanate information of resonance (ideal frequency of 15 Hz) with what is nearby. She will work where there is an imbalance. You will start to resonate with your ORGO-LIFE 5G & EMF QUANTUM EQUALIZER TECHNOLOGY® according to your movements and for the energy of your Life balance.

The big difference with the model before the UL-3407 5G & EMF Quantum Equalizer Technology is that the UL-3405 model has 6 Himalayan crystals and is arranged with two copper spirals, one on the top and one at the base. This allows a more increased circulation of energy and especially with a greater strength of fields which emits and transmutes the Electromagnetic waves.

Add more than 30 gr. from the Japanese TeraHertz stone, this makes it even more powerful and magnefic thanks to the stones.

The terahertz (THz) band lies between microwave and infrared rays in wavelength and consists of non-ionizing radiation. Both domestic and foreign research institutions, including the army, have attached considerable importance to the research and development of THz technology because this radiation exhibits both photon-like and electron-like properties, which grant it considerable application value and potential. With the rapid development of THz technology and related applications, studies of the biological effects of THz radiation have become a major focus in the field of life sciences. Research in this field has only just begun, both at home and abroad. In this paper, research progress with respect to THz radiation, including its biological effects, mechanisms and methods of protection, will be reviewed.

At Orgo-Life, we used for its manufacture, these added minerals:

Composition:

Further added minerals:

- Black Tourmaline from Sri Lanka
- Shungite from Russia 17 grammes
- Smoky Quartz du Brazil
- Malachite from Russia
- Garnet Stones
- Jet from Britain
- Iron oxide based crystals from Kuruman
- 4 Lemurian crystals coiled in Quantum Technology
- Obsidian stones from New Zealand
- 4 directional input and output coils Quantum Technology for the quartz
- Aluminium, Copper, Iron Metals, Titanium chips
- Gold particules 24kt
- Special Orgo-Life® Patent Technology inside the unit

All this provides a highly potent powerful protection from 5g and other, similar microwave radiation.

We recommend this in your personal space, especially if you're highly electrosensitive.

The Benefits of Using Orgo-Life Technology

5G & EMF Quatum EqualizerTechnology®

User guides:

1-Install the most in the center of a room in the house or office, 1 device will be enough for a room of approximately 120 square feet (i.e. 10'x 12 ').

2-Use it also for powerful WIFI routers and repeaters in your home and professional environment, that cause you headaches. (Install 1 or 1.5 m from the source, a router, a computer, a tablet, a microwave or others ...)

3-Powerful of its radiation the Orgo-Life is specially formulated to counter

the threat 2G, 3G, 4G, 5G and electromagnetic fields of all kinds.

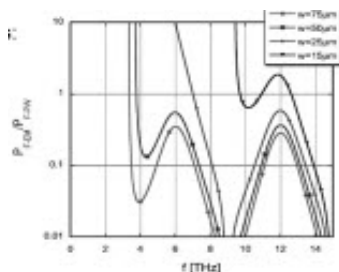

4-Avoid freezing it (in winters) and thawing it frequently this will not affect performance, but the aesthetics could crack on the resin due to the expansion of metals inside the device.

5-The field (Vortex) that the device will grow within 34 hours and within a week, it will transmute the electromagnetic fields, which gives as the neutralization effect, you will be less invaded by an order up to 80%, this will be very beneficial for you.

6-For your 25-year warranty, for its operation, please refer to the website: Orgo-Life.com and keep your invoice with its serial number and model.

PREAMBLE:

Much has been said about the dangers of ubiquitous 5G radiation to your health and well-being. We have therefore formulated this Orgo-Life 5G & EMF Quantum Equalizer Technology® tow beam specially for maximum radiation protection.

Our technology is 80 years ahead of that of Wilhem Reich who made his discoveries of orgonite in the 1940s ... It is in a way the continuity of his research and development started at that time. Everyone copies this principle, but may have managed to evolve it to adjust to the frequencies and electromagnetic fields of the 21st century.

At Orgo-Life each device is meticulously made according to its manufacturing protocol similar to ISO 9001, either verifying valid or the procedure and its process have been noted at each step. All our stones are energetically cleaned in sea salt basins over several days, and then each stone has its axis of polarization noted and identified on the crystals and stones.

With all this we arrive at a high performance device.

Note that; that your Orgo-Life® device is handmade, they all have small mini defects, very small holes, etc... when looked at very closely 5-10 cm (2-4 inches) , but at a good distance of 1.5 feet and more, they look perfect. Due to the manual work and the polyester resin product with the Orgo-Life, it is normal to look like this. Orgo-Life is a unique technology that can only be made by hand. It is above all an artisanal product.

Our devices do not claim to cure any disease or illness. Disclaimer: In the event of a serious medical condition, please seek the help and advice of a qualified medical professional. The potential health benefits have not been evaluated by national medical licensing bodies.
