The Orgo-Life is created by the process of mixing polyester resin, crystals and metal. When the resin hardens, it shrinks and exerts pressure on the crystal. This pressure changes the polarity of the crystal creating a piezoelectric effect on the surrounding dirty/chaotic electromagnetic fields, electromagnetic frequencies. This effect harmonizes negative electromagnetic fields, or DOR, into positive electromagnetic fields (negative ions), or POR.

The Pyramids of Harmonization and Power

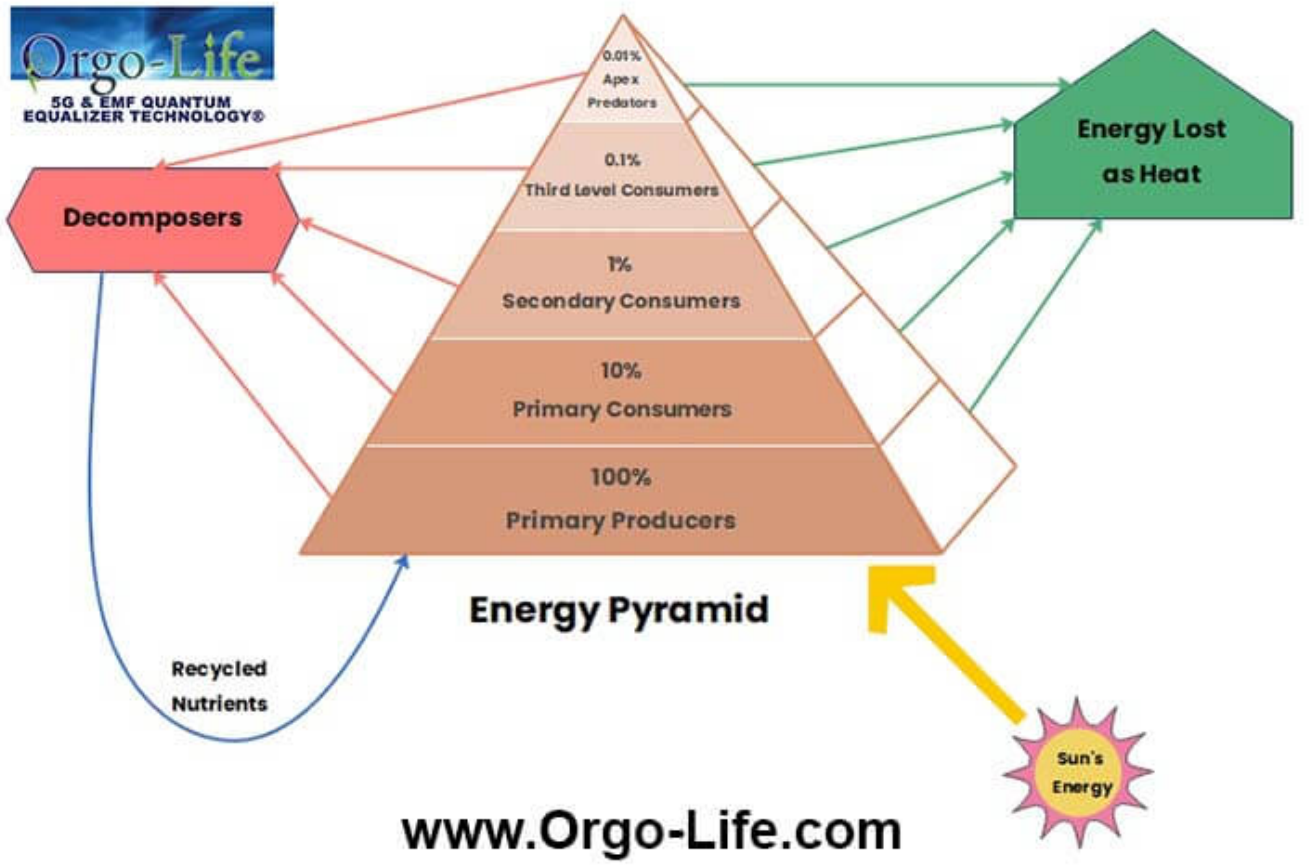

The pyramid

The pyramid shape helps to neutralize any access to harmful waves for our health. It is for this reason that it is increasingly used by people who rightly or wrongly apprehend the "subtle energy attacks" of wicked people. Installed near the pyramid, tools, food and living beings benefit from curious positive waves. When you are next to a Pyramid, it comforts you and reassures you if you fear being disturbed by people considered evil. This real calamity that generates jealousy, nowadays wreaks havoc at all levels of the family, community and society. He spares no one and can go so far as to endanger each of us. Protecting yourself has therefore become a completely natural reflex.

The special power of the pyramid can be best felt when the pyramid is aligned with the magnetic north pole. Countless researchers around the world have found that the pyramid shape alone has some remarkable energy properties.

All of our Orgo-Life pyramids contain 5 quartz crystal points (UL-3469) or 9 depending on the model (UL-3465). These are placed at the tip of the pyramid, and at its base pointing in the 4 directions (UL-3469) or 8 directions of Feng Shui depending on the model (UL-3465). The natural tips of the crystals help create an energy field.

The pyramids therefore have a much stronger and more directed flow of energy and a wider radius of effect. Psychics and energy sensitive people will often observe a beam of energy coming out of the top of the pyramid - most people can feel this by waving their hand in the air above the pyramid and describing it as a feeling of warmth or tingling or pressure on the palm of the hand.

These Pyramids were created with the specific intentions of banishing negative energies and entities while cleansing home and person. The main intention is to bring harmony into all aspects of your life (the grounding). A pyramid functions as a transmitter to direct intention. By charging it with your thoughts, it will manifest and harmonize!

Also known to repel negative energy and harmful electromagnetic waves. Our homes are a cesspool of harmful electromagnetic pollution from our phones, Wi-Fi, and other electrical devices. The Pyramid effectively absorbs and transmutes these waves into a productive and healing wavelength. This is one of the main advantages of this pyramid that attracts people! It protects your body from its harmful effects.

Cleaner water. Water that has rested near the pyramid will taste better (about 5 minutes) and is also healthier.

Purifies the atmosphere. Hence the popular practice of offering pyramids to areas affected by EMF pollution.

Many people have experienced instant relief with a simple pendant, although if you are highly sensitive to EMF radiation you may need to place more pieces such as: your jewellery, sacred objects, letter, written intentions or the like near your pyramid.

These pyramids are made with a minimum ratio of 40/60 resin/metals & stones.

****All Orgo-Life's are created in a positive and loving environment. stained with sage and charged with either sun/moon depending on the destination of each of our Orgo-Life units!

As with all handcrafted items using natural elements, variations in color, clarity, composition are to be expected.
