Short Description

Medallion UL-3451– Instruction: The Power of the Word No. 2

The **UL-3451 Medallion – Instruction: The Power of the Word No. 2** is a unique energy jewel, designed with **4 carefully selected Himalayan crystals** chosen for their purity and vibration.

It integrates **Quantum Push Technology®**, which amplifies subtle electromagnetic fields and supports the natural vibratory flow through the body's meridians.

Description

Small and lightweight, this medallion can be worn easily by a child, a teenager, or an adult, adapting effortlessly to all ages and morphologies.

Available in **several models**, it offers a variety of styles so that everyone can find the one that resonates with their personality and daily life.

This jewel acts as a **natural daily ally**, enhancing communication flow and helping to express a voice that is firm, clear, and respectful.

It supports the opening of more authentic dialogue, going straight to the point without unnecessary detours, while maintaining an aligned and benevolent

attitude.

Wearing this medallion means choosing to **soothe exchanges**, strengthen inner confidence, and manifest a more balanced vibratory presence.

Its subtle energy supports learning moments, important meetings, public speaking, and family discussions alike.

With its elegant design and energetic strength, the **UL-3451** becomes a discreet and precious companion, offering vibratory anchoring that harmonizes with all situations of daily life.

Special Technology for Well-being: Quantum Push Technology®

Quantum Push Technology® is a unique vibrational approach, developed to amplify and support the subtle energy fields that surround and flow through the human body. It acts as a catalyst that promotes the harmonious circulation of energy, both internally and externally. Its primary role is to accompany the person toward greater vibratory balance in daily life, not as a medical device, but as an energetic well-being support.

This technology encourages interaction between **inner dimensions** such as emotions, intentions, and thoughts, and **outer dimensions** such as communication, environment, and relationships. It creates an energetic bridge that strengthens coherence between what one feels deeply and what one expresses outwardly.

Quantum Push Technology® works as a vibrational amplifier that supports communication fluidity. It helps express ideas with greater clarity, respect, and confidence. By supporting this liberation of expression, it becomes an energetic tool that helps open the way, overcome blockages, and foster more authentic dialogue.

In many traditions, **the word** is considered a creative force. The **UL-3451** Medallion highlights this power by inviting everyone to use aligned, firm, and respectful speech. Just speech naturally attracts abundance, facilitates leadership, and strengthens one's ability to be a mediator in conflict. This jewel thus becomes a symbol of anchoring for those who wish to lead with integrity and inspire others.

The medallion integrates **four Himalayan crystals**, renowned for their purity and their ability to diffuse stable, calming energy. Their role is to reinforce the action

of **Quantum Push Technology®** by providing natural support, fostering inner stability and serenity in exchanges.

Thanks to this synergy of crystals and technology, the **UL-3451 Medallion** serves as a daily energetic support. It can be worn by children, teenagers, and adults, as its lightness and size make it accessible to all. It acts as a constant reminder of the importance of conscious and respectful speech in all areas of life.

Disclaimer: This medallion is not intended to diagnose, treat, or cure any disease and should not replace professional medical advice. Anyone with a medical condition should consult a qualified healthcare professional. The **UL-3451 Medallion** is a complementary energetic support, designed to accompany a personal journey toward balance and harmony.

Sacred Ritual Manufacturing Method

Each **UL-3451 Medallion – Power of the Word No. 2 Orgo-Life®** is crafted using a unique method, exclusive to the Orgo-Life® universe. More than a jewel, it is a **sacred ritual of the Word**, carried out with devotion and precision by our technicians. Chosen for their constancy and inner discipline, they work in deep meditation, infusing each gesture with the creative power of the word.

Throughout the process, specific mantras and sacred words are chanted, creating vibrational resonance that accompanies the insertion of each Himalayan crystal. Every stone is placed according to sacred geometry principles to channel just speech, amplify its radiance, and optimize energetic coherence.

The medallion thus becomes a **conscious communication vector**, a harmonized matrix where matter and the vibration of the word merge into one intention. This approach transforms the medallion into a sacred support that structures a voice that is clear, firm, and respectful, capable of opening the way and attracting abundance.

This manufacturing method is more than craftsmanship: it is a **ceremony of the Word**. Each instant devoted to its creation ensures a stable, aligned, and positive vibratory field. Wearing the UL-3449 means resonating with a sacred object designed to support communication flow, inner balance, and harmony in daily exchanges.

Respect and Alignment of Matter and Spirit

The **UL-3451 Medallion – Power of the Word No. 2 Orgo-Life®** is not only an

energy jewel but also a **symbol of alignment between matter and spirit**.

Inspired by ancient Eastern principles, it recognizes that speech is not just sound but a creative vibration connecting the visible and the invisible.

By integrating the codes of **Feng Shui and Bazi**, the medallion supports fluid and respectful communication, promoting harmonious energy flow through the meridians. Just as Feng Shui values balance between Wood, Fire, Earth, Metal, and Water, aligned speech becomes a new element in itself, restoring harmony.

In Bazi, each person carries a **unique energetic signature**. The medallion serves as a sacred reminder: to speak with truth, firmness, and kindness honors one's mission and aligns one with life's cycles.

In matter, this manifests as ease in speaking, negotiating, and mediating with assurance. In spirit, it opens the path to clarity, discernment, and inner peace. Speech becomes a bridge between physical and subtle worlds, where each word carries creative vibration.

Wearing the **UL-3451 Medallion** means choosing to align words with universal laws, respecting oneself and others, and building a more harmonious and abundant life.

Additional information

This unique pendant is crafted with a configuration of 6 Himalayan crystals, each selected for its rare and harmonizing frequency. Every crystal is positioned

according to a precise vibrational geometry that enhances the overall effect of the necklace. The integrated Quantum Push® technology acts as an energetic propeller, promoting a smooth and constant circulation of subtle energy. The pendant becomes a true resonance companion, supporting its wearer throughout the day. Worn near the heart, it encourages openness, emotional stability, and inner grounding. Its elegant design aligns naturally with both spiritual practice and everyday use. The pendant embodies a vision of balance between crystalline tradition and modern energetic innovation.

This necklace is not merely a piece of jewelry, but a true vibrational key. Its configuration supports a deeper harmonization of the personal energy field. It is especially appreciated in contexts where concentration, communication, and inner peace are needed. Quantum Push® technology acts as a subtle support, offering a gentle and continuous resonance that helps stabilize the mind and emotions. The pendant can accompany anyone seeking daily balance while fostering a more conscious connection to oneself. By wearing it, the user activates a constant reminder of alignment and well-being. It serves as a bridge between the ancestral energies of Himalayan crystals and the contemporary innovations of vibrational technology.
