

Orgo-Life Quantum Energy MedBed Technology® & Vibrational PRO Family Series - OFFICIAL COMMERCIAL POLICY

1. General presentation and company philosophy

Orgo-Life Quantum Energy MedBed Technology® is a company specialized in the development and distribution of advanced vibrational technologies designed to support the individual's global energetic well-being. Based on over 25 years of scientific and vibrational research conducted under the direction of the Renewable Free Energy® Foundation, Orgo-Life® offers highly precise systems integrating Tesla 3-6-9 PEMF calibrations, scalar waves, negative ionization, chromatic light, orgonites, and sacred geometry.

Each product is designed to accompany the individual through a personalized vibrational process, without any medical intent, diagnosis, or treatment. All Orgo-Life® services strictly comply with Quebec's Law 31 and applicable international regulations governing non-medical wellness practices.

2. Description of integrated vibrational technologies

- Tesla 3-6-9 calibrated PEMF: pulsed fields interacting with the body's natural electromagnetic structures.
- Scalar waves: deep cellular re-information through multidirectional stationary signals.
- Negative ionization: air purification and stabilization of surrounding electrical charges.
- Chromatic light and photonic spectrum: harmonic stimulation of subtle energy circuits.
- Orgonite and crystalline resonance: modulation of environmental vibrational disturbances.
- Sacred geometry: amplification of frequency coherence within the bio-energetic field.

3. Personalized energetic adaptation protocol

Each user is guided through a progressive protocol allowing safe and harmonious adaptation to the emitted vibrational frequencies. The initial sessions are often conducted with introductory parameters, respecting each individual's biological and energetic integration rhythm. Hypersensitive clients benefit from specific adjustments according to user guides provided at the first session.

4. Custom manufacturing and individualized orders

Every order placed with Orgo-Life® is processed entirely on a personalized basis. No product is mass-produced. Each system is built according to the client's individual vibrational specifications, including frequency programming and personalized energetic calibration.

Once the order is validated and payment received, production begins irreversibly. The client expressly acknowledges that each product is non-reproducible and specifically built for personal use.

5. Financial terms and binding contractual commitment

All orders must be fully paid at the time of purchase. No manufacturing process begins without full, validated payment. No cancellations, modifications, or financial adjustments are accepted after order confirmation.

6. Irrevocable non-refund policy and waiver of withdrawal rights

Due to the personalized, custom, and vibrationally unique nature of each Orgo-Life® product, no refunds, credits, returns, or exchanges are allowed after order validation. The client expressly waives any withdrawal rights under exceptions applicable to goods manufactured according to consumer specifications (Quebec LPC and international law).

7. Complete legal liability limitation

Orgo-Life® shall not be held responsible for any perceived, subjective or objective results from the use of vibrational products. The company disclaims all liability for personal expectations, unmet results, or misinterpretations of medical nature. The user remains solely responsible for the voluntary personal use of vibrational products.

8. Full medical neutrality and Law 31 compliance

Orgo-Life® does not issue diagnoses, does not replace any medical treatment, and does not constitute a substitute for conventional medical consultation. The vibrational protocols are provided strictly within the legally authorized framework of personal energetic accompaniment, fully respecting Quebec's Law 31 and applicable health laws.

9. Explicit consent, waiver, and client declaration

By placing an order, the client:

- Declares having read and understood all these policies;
- Acknowledges the purely vibrational, non-medical nature of the services;
- Irrevocably waives any lawsuits, refund requests, judicial disputes, or future claims;
- Commits to personally respecting the proposed vibrational protocols without altering parameters or deriving medical interpretations.

10. Exclusive legal jurisdiction and applicable law

Any dispute or disagreement shall be governed exclusively by the applicable laws of the Province of Quebec, Canada. The exclusive jurisdiction will be that of the courts of the judicial district of Sherbrooke (Quebec), excluding any other territory.

11. Revisions and contractual adjustments

Orgo-Life® reserves the right to revise, adapt, or modify its commercial policies at any time, without notice, in accordance with evolving applicable laws.
